COVE LIGHT RGB

COVE LIGHT ROUND

Cove Light is used world wide in hotels, restuarants, shops, luxury yachts and living rooms. Tronix is specialized in Cove Light and offers 3 product lines. Cove Light Round 230 Volt has a modest light intensity for use in luxury yachts and living rooms. For higher light intensity or for replacment of fl uorescent lighting, Cove Light SMD Flat, available as Single 6*12, Single 6*12 Ultra Bright, Single 6*12 vertical and Cove Light RGB, is the right choice. The new Single 6*12 Vertical Cove Light is specially designed for round coves, because of the vertical light output. Cove Light RGB 11*18 offers, besides the higher light intensity, the option to create any imaginable color.

COVE LIGHT MARINE

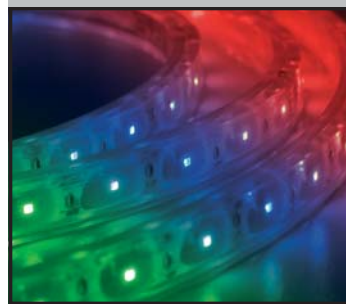

Cove Light Marine has 78 LED's per meter and a cutting length of 8,3 cm. Cove Light Marine is specially designed for use on yachts. Cove Line Marine operates on 24 Volt.

COVE LIGHT SINGLE 6*12

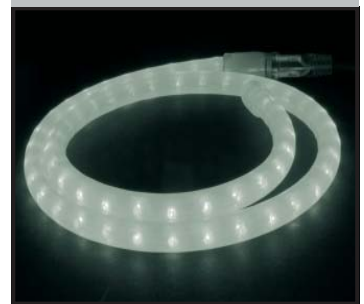

Cove Light single 6*12, single 6*12 Ultra Bright and single 6*12 vertical all have 36 LED's per meter and a cutting length of 20 cm. The clear coating in combination with SMD LED's gives a bright light emission. Power consumption is 3 W/m and maximum length is 30 meter.

COVE LIGHT RGB 11*18

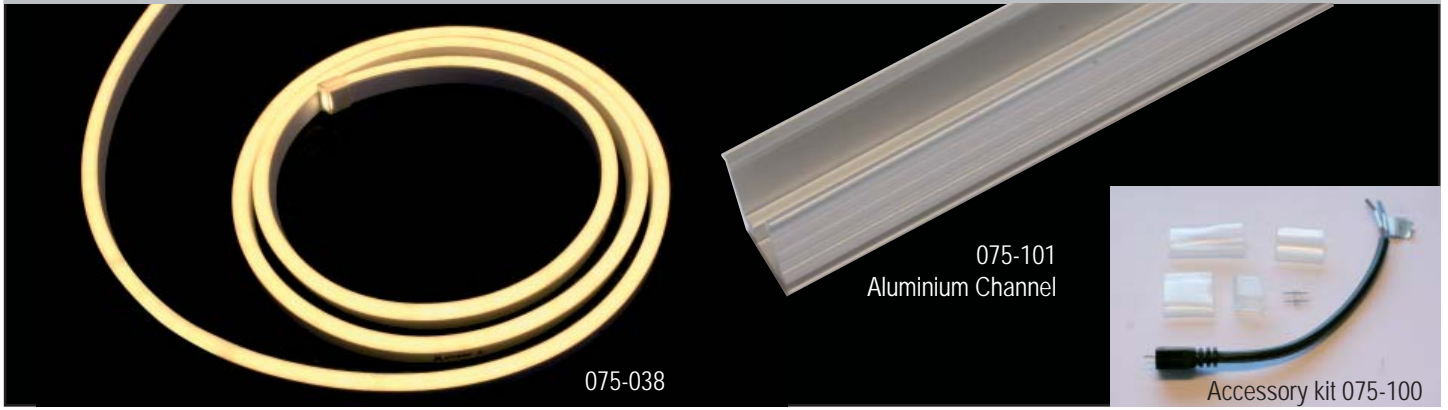

Cove Light RGB 11*18 has 36 RGB LED's per meter and a cutting length of 20 cm (24V) or 2 m (230V). The clear coating in combination with SMD LED's gives a bright light emission. Power consumption is 6 W/m and maximum length is 20 m (24V) or 100 m (230V).

COVE LIGHT ROUND

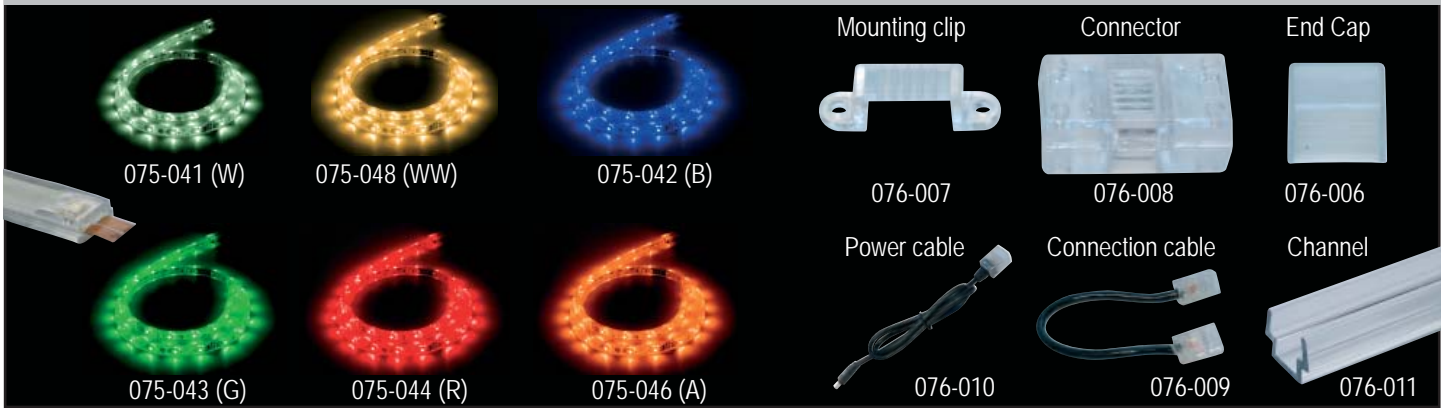

Cove Light Round has a diameter of 13 mm and is available in milky white, milky warm white and milky blue. Cove Light Round has 60 LED's per meter and a cutting length of 1 m. The diffuse coating gives an even light emission.

COVE LIGHT MARINE & ACCESSORIES
